MARE / MIC

Ce observă Socotici?

MARE

MICĂ

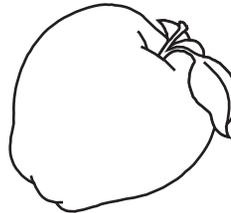

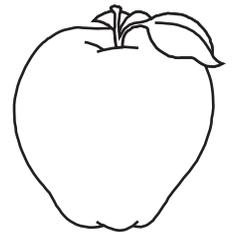

MARE

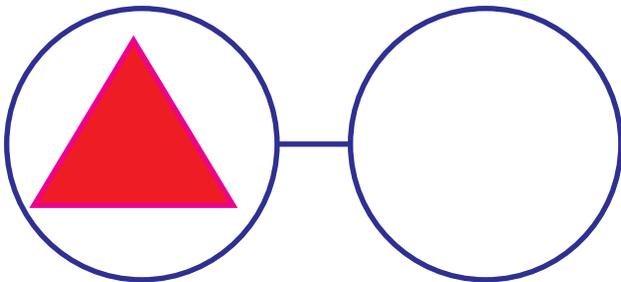

MIC

Formează mulțimea merelor mari. Colorează merele mici.

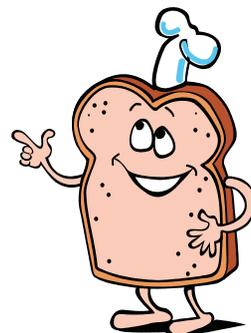

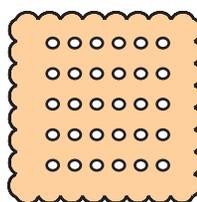

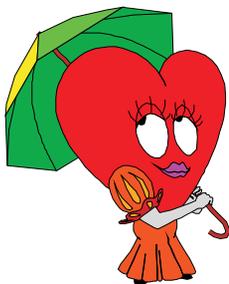

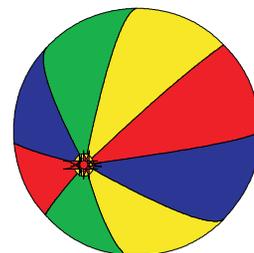

Desenează câte un element mai mic decât cel dat.

FORME DIFERITE

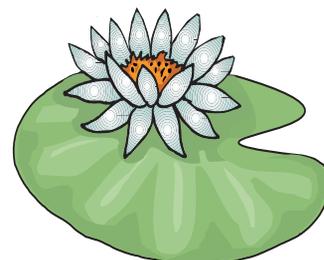

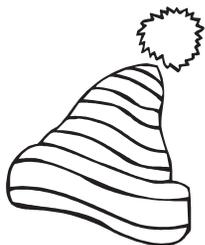

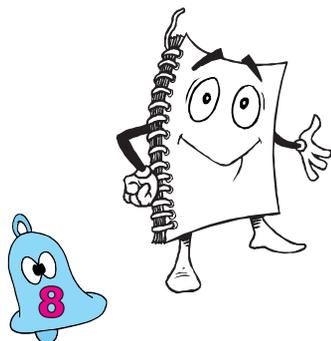

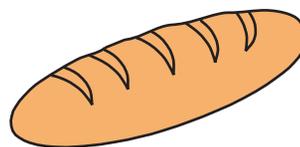

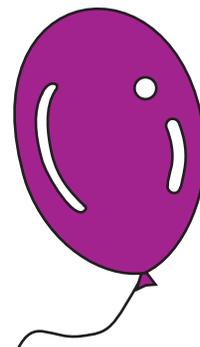

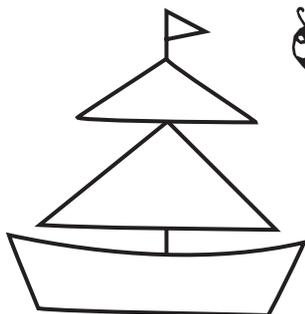

Înconjoară grupa elementelor care au formă rotundă. Taie elementele care au formă pătrată.

Colorează elementele care seamănă cu un triunghi.

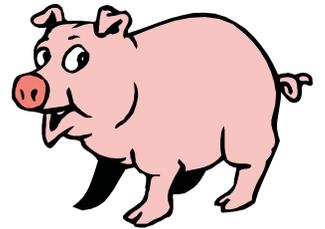

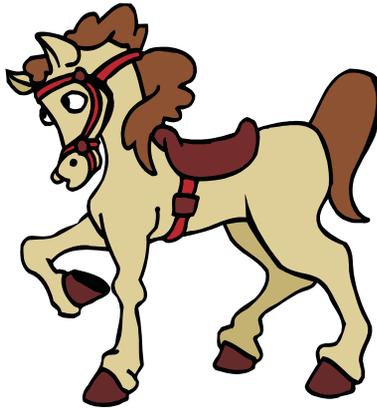

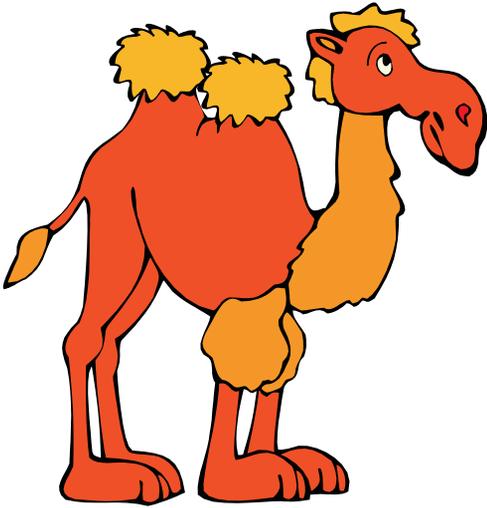

Unește obiectele care au formă alungită (ovală).

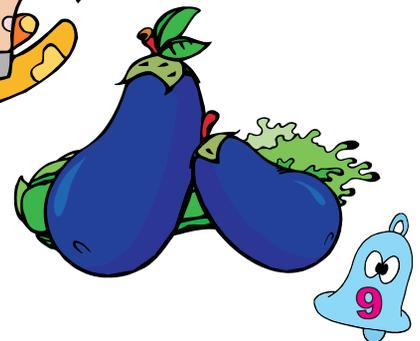

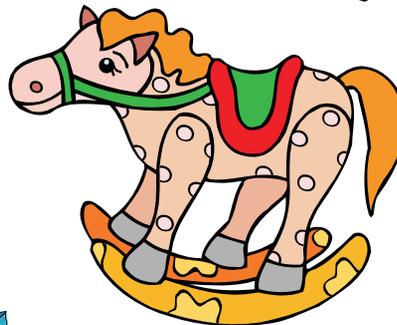

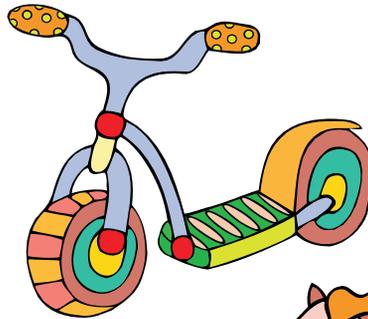

FELURI DIFERITE

Unește animalele domestice.

Încercuiește grupa jucărilor.

Încercuiește omulețul cel mai gras și colorează căciula omulețului subțire.

Socotici colorează cu roșu lumânările lungi și cu galben lumânările scurte de pe tortul surorii sale, Clara.

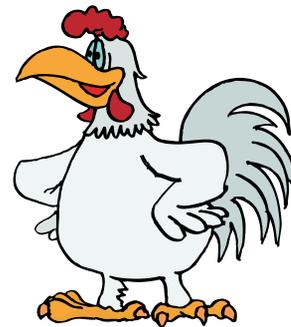

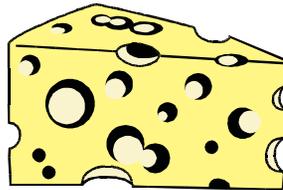

Pune „X” în caseta de lângă cea mai înaltă fetiță.

MAI MULTE / LA FEL / MAI PUȚINE

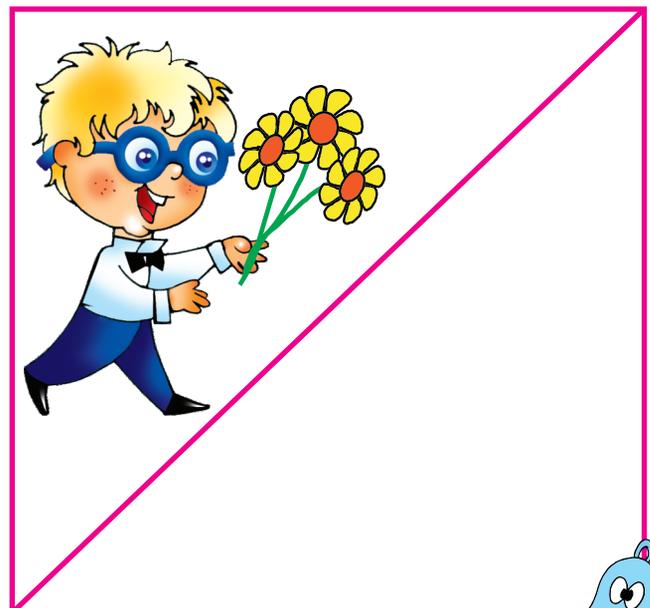

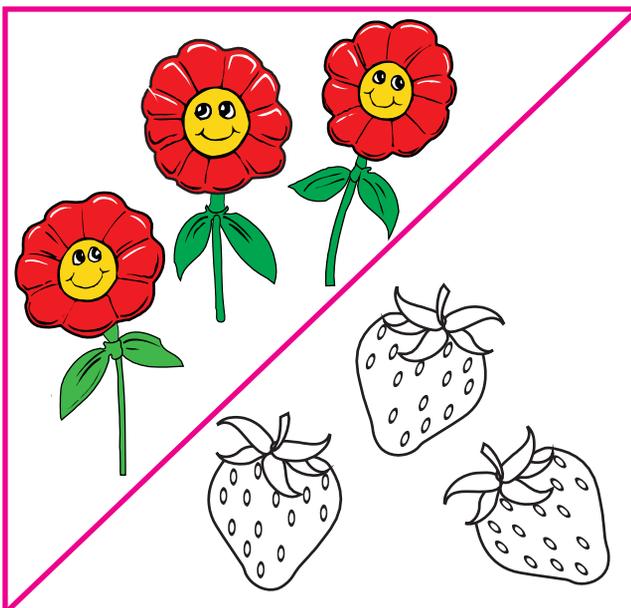

Observă, apoi încercuiește grupa cu cele mai multe elemente.
Pentru fiecare cocoș găsește câte un bănuț.

Colorează mai puține căpșuni decât numărul de flori.

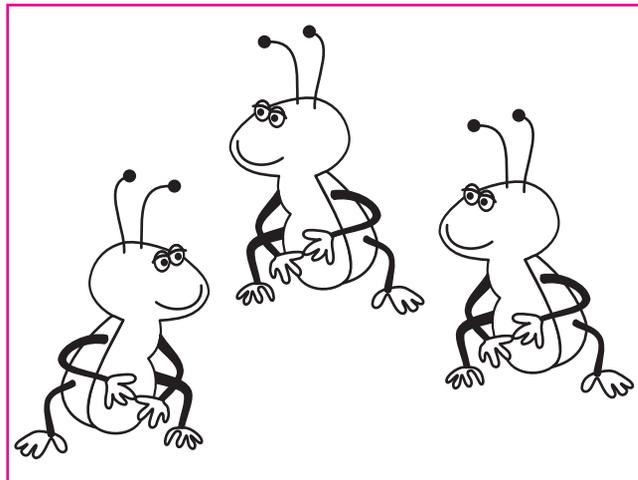

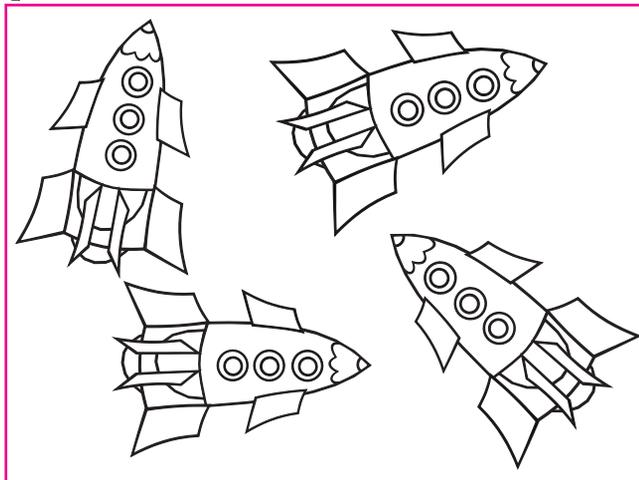

Desenează tot atâtea baloane câte flori are Socotici.

NUMĂRUL ȘI CIFRA 1

Colorează câte un obiect din fiecare mulțime de mai jos.

Câte păpuși are Clara?

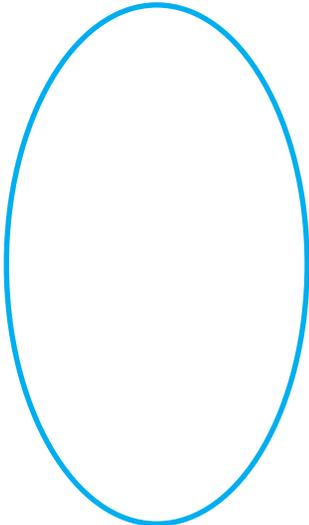

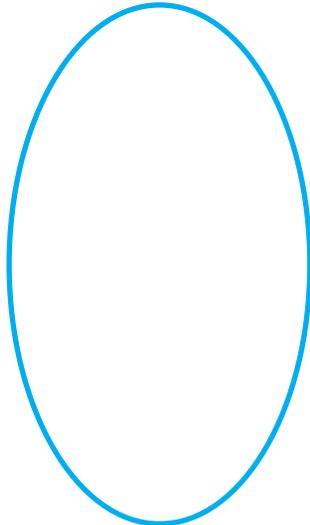

Completează mulțimile cu
atâtea elemente câte îți arată
cifra.

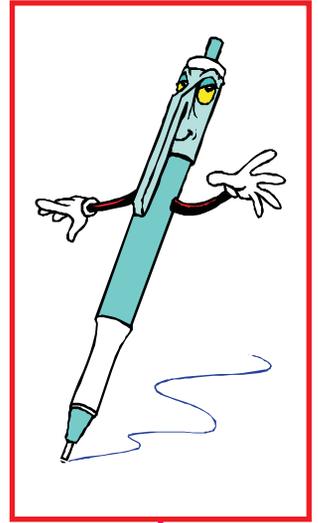

Câte elemente are fiecare
mulțime?

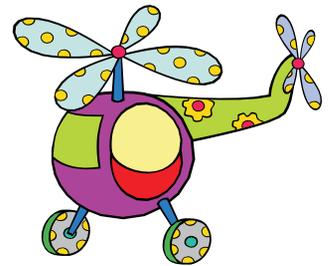

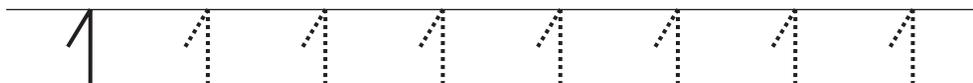

1

1

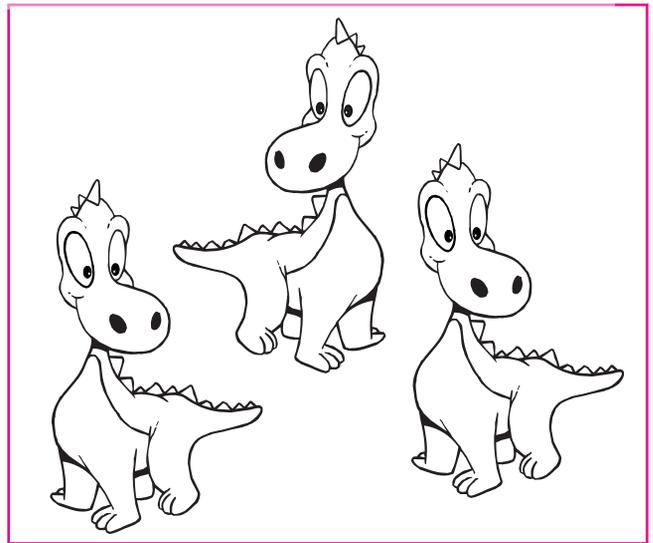

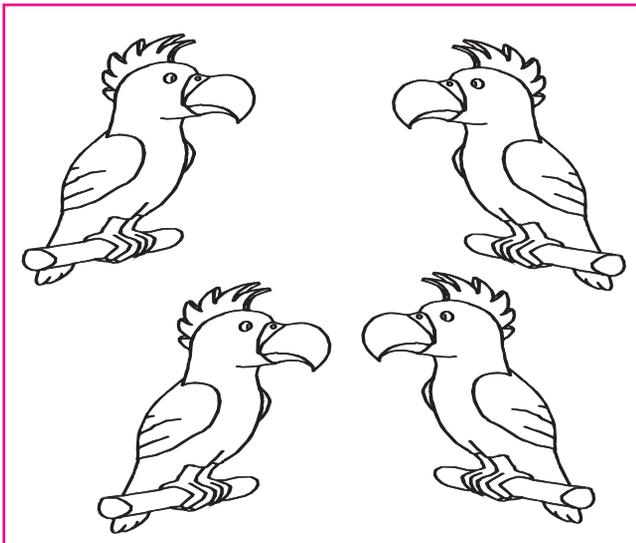

Scrive numărul și cifra 1.

NUMĂRUL ȘI CIFRA 2

Colorează câte două elemente din fiecare mulțime.

Câți iepurași au venit să coloreze ouăle de Paști?

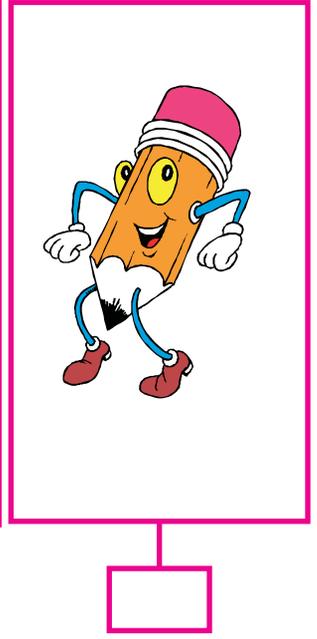

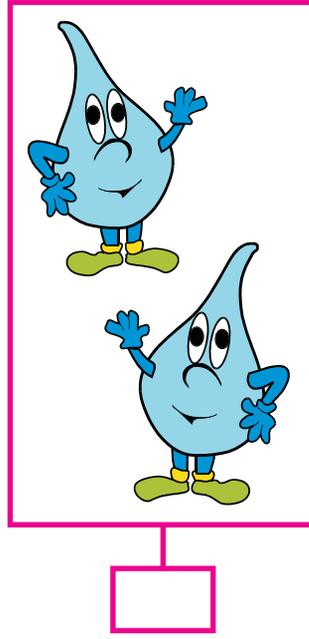

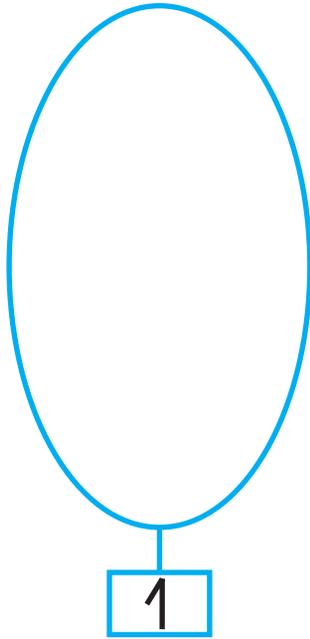

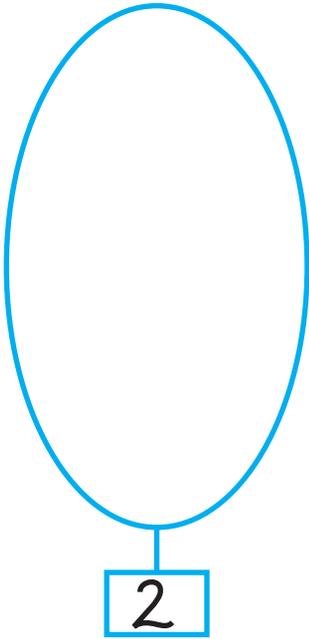

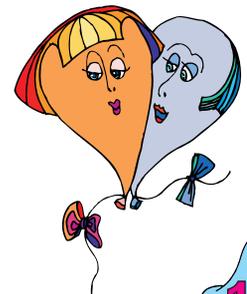

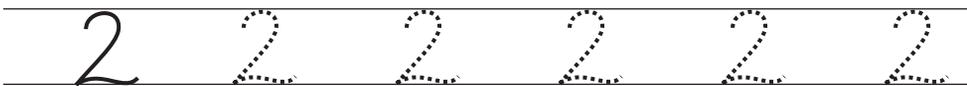

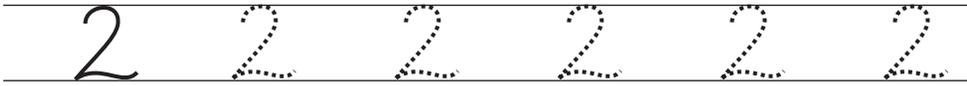

Desenează atâtea elemente
câte îți arată cifrele.

Scrive în casetă câte elemente
are fiecare mulțime.

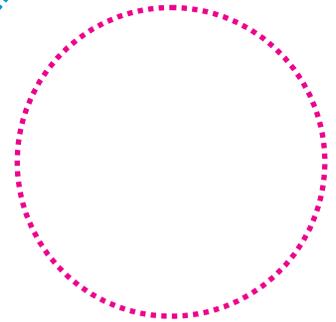

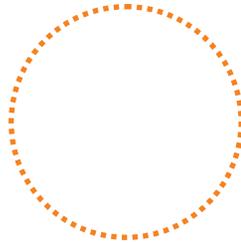

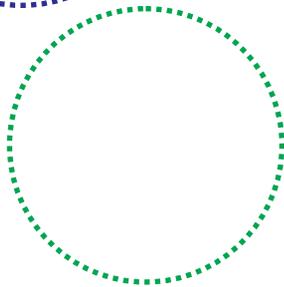

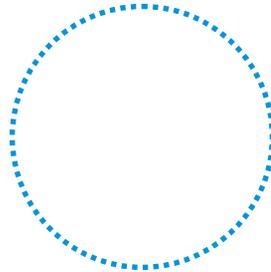

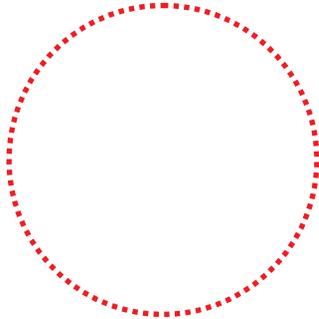

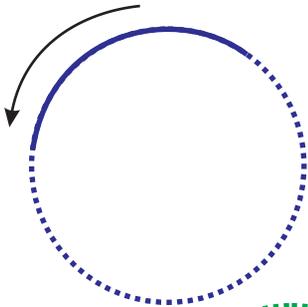

Completează numărul și cifra 2.

CERCUL

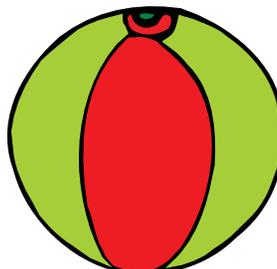

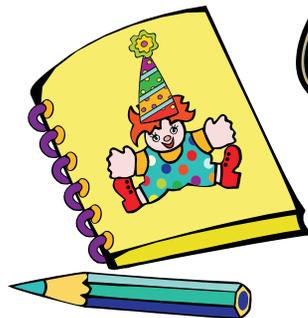

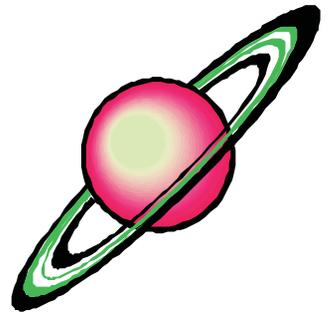

Trasează urmărind conturul punctat.

Ce figură
geometrică ai
desenat?

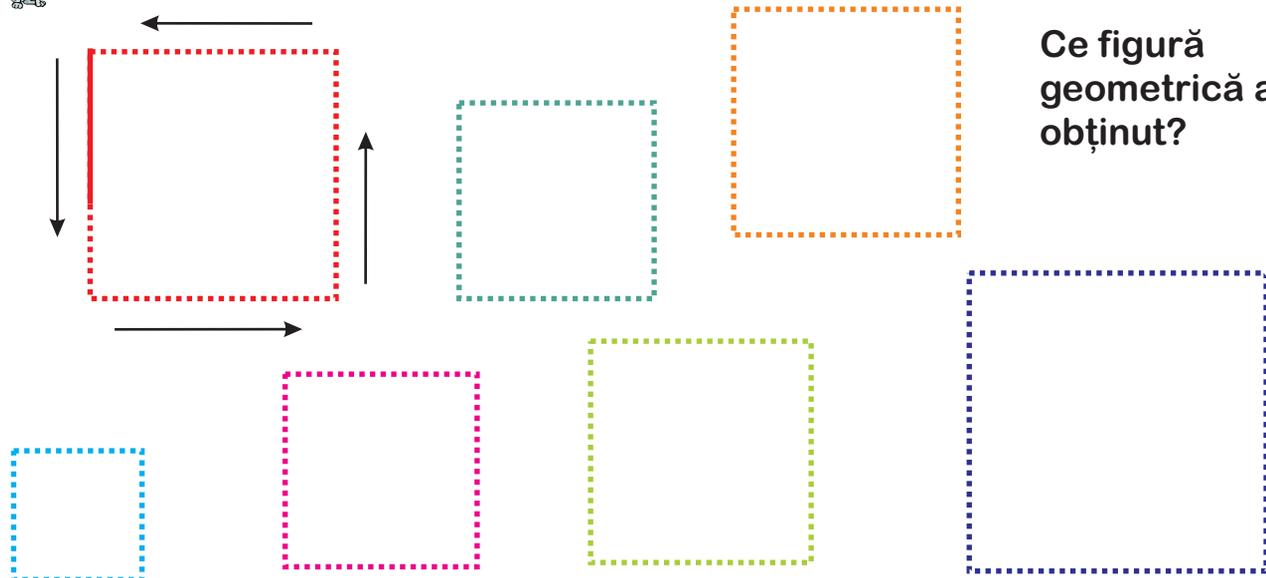

Unește obiectele care au formă rotundă.

PĂTRATUL

Desenează după conturul punctat.

Colorează din desenul de mai jos doar pătratele și obiectele care au formă pătrată.
